

For larger craft that require a trailer there is only limited access, upstream 7 miles on the Selway at Ohara Bridge downstream at Kooskia where you can get a trailer to the water. This is a great overnight trip for larger rafts; 30 miles in two days. Multiple beaches along the Middle Fork make for scenic camping locations amongst the shade of Cedars and Firs. For the tubers and smaller craft, you can easily launch at any of the marked locations on the map, and take out as far downstream as your time and energy allows.

Most day trips in the 10 or less mile range are best enjoyed, so you have time to stop and enjoy beaches and cutthroat trout fishing along the way. Enjoy the beautiful Middle Fork of the Clearwater and remember to pack out what you pack in, leaving the river and beaches as beautiful and pristine as you found them.

Float Trips of the Middle Fork River: Lowell to Kooskia

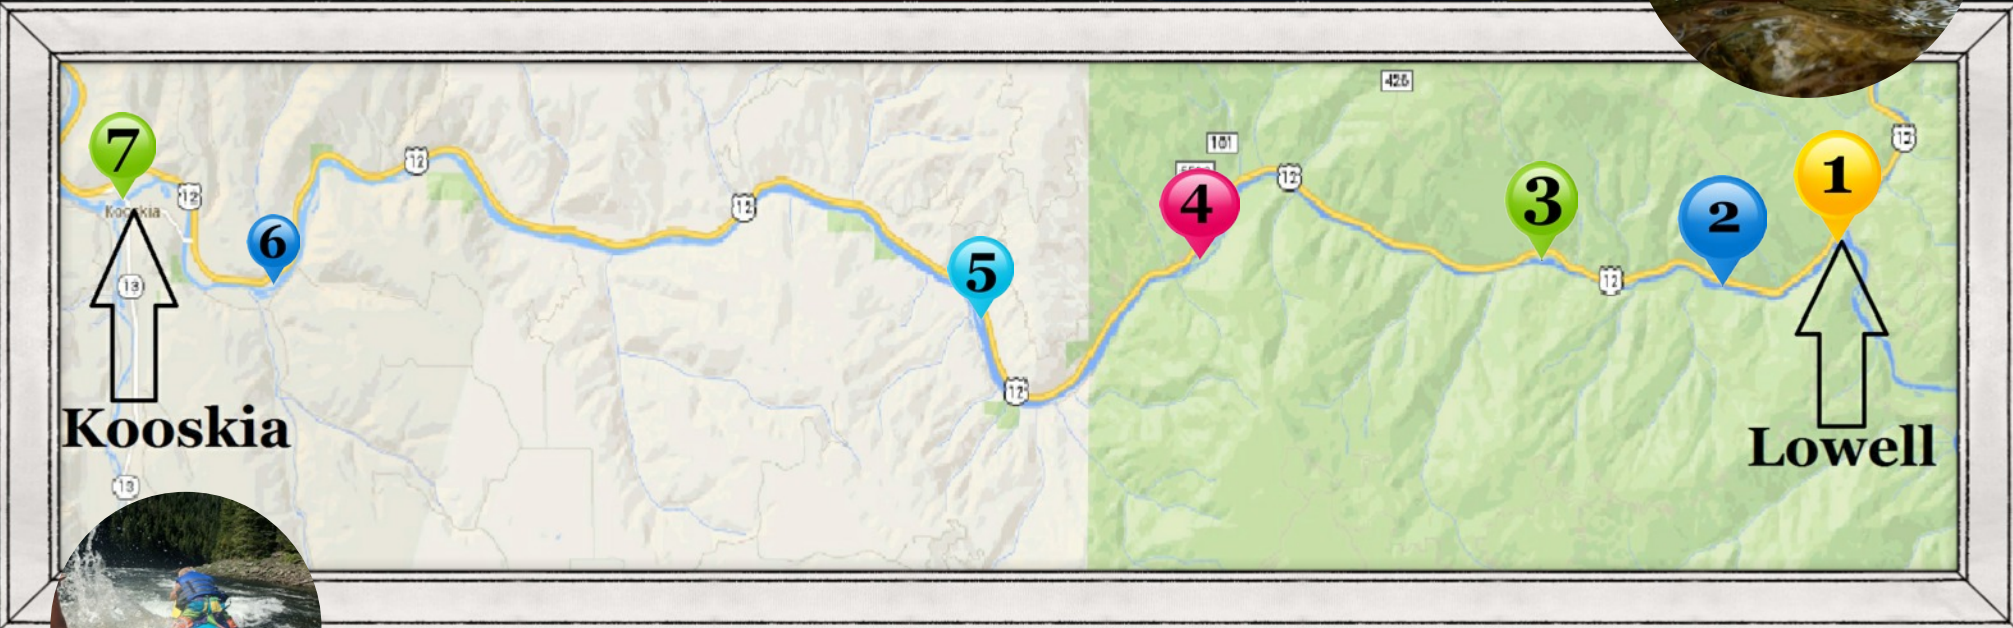

The Wild and Scenic Middle Fork of the Clearwater River offers great day and overnight floating for all ages. A gentle river with small rapids just big enough for some fun and a few splashes. What the Middle Fork lacks in white water it makes up for in Scenery and Fishing. There are multiple beaches for the non-floaters to enjoy the river or for people to launch their craft that don't require a boat ramp.

Warning: Although floating the river can be fun, it can also be dangerous! Be sure to use proper safety equipment and use caution when in the water! Never float a section of river that is above your skill level, and be aware of seasonal conditions.
